FME Modules

Gift Card – Let Users Send Gift Certificates & Vouchers Module

PrestaShop 1.6 - 1.7.x Module

User Guide 1.0

INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors and others of Gift Card PrestaShop Module. A step by step instruction has been added to this document to help users to install the module on PrestaShop.

This extension will only work on PrestaShop version 1.5.x to 1.6.x. As a safe practice always backup your files and database before installing any module on PrestaShop. If you are looking for someone to install the module we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand on how to use the module to its full capacity. If you still have questions feel free to contact us on the support platform where you bought this module.

If you have any custom requirements feel free to touch base with us.

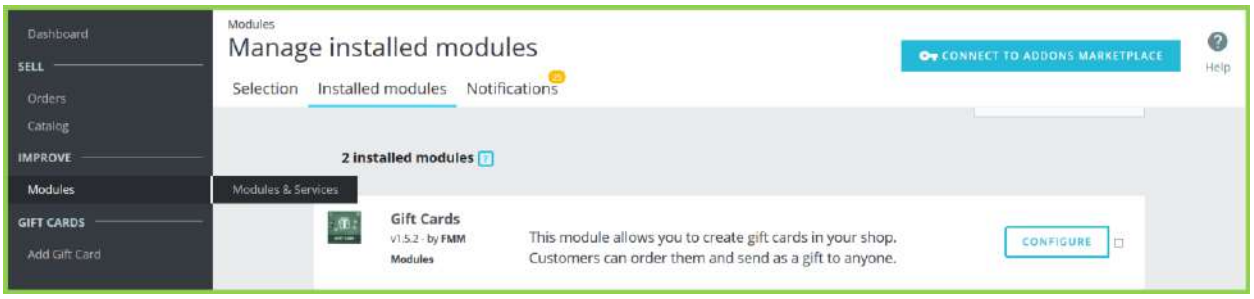
INSTALLATION INSTRUCTIONS

Compatible - PrestaShop 1.6 – 1.7.x

1. Log into PrestaShop administration panel, go to Modules → Click Add new module.
2. Select giftcard.zip which you downloaded and click upload this Module.
3. Scroll down and find Gift Card and click Install. You are done
4. Clear Cache in Advance Parameters → Performance.
5. Module will add extra Tab Link in Back Office Edit Product and you will see the tab on left.
6. Preview of customized product will be shown with order on order detail page.

HOW TO CONFIGURE THE MODULE

At the back office, go to “Module & Services”. You can go there from Module > Module & Services. Click on the “Installed Module” tab then you will find Configurations for Gift Card. Click on Configure to continue.



Here you will find the following configurations

General Settings

- Gift Voucher Code Prefix: Prefix will be used in gift voucher code (space and special characters are not allowed. use underscore only.)
- Approval status for gift cards: Selected groups will be able to enroll into affiliate program. Gift cards will be accessible to customer(s) after validating specified selected order states
- Remove abandoned gift cards from last "X" hours: Gift cards that have been added to cart but not yet ordered for specific "X" hours, will be marked as abandoned gift cards

NOTE

- Define settings and place this URL in crontab or call it manually daily to flush abandoned gift cards.
- https://giftcard.bestprestashopmodules.net/en/giftcard-cron?giftcard_cron_key=0
- Use below link to add a menu in your top navigation.

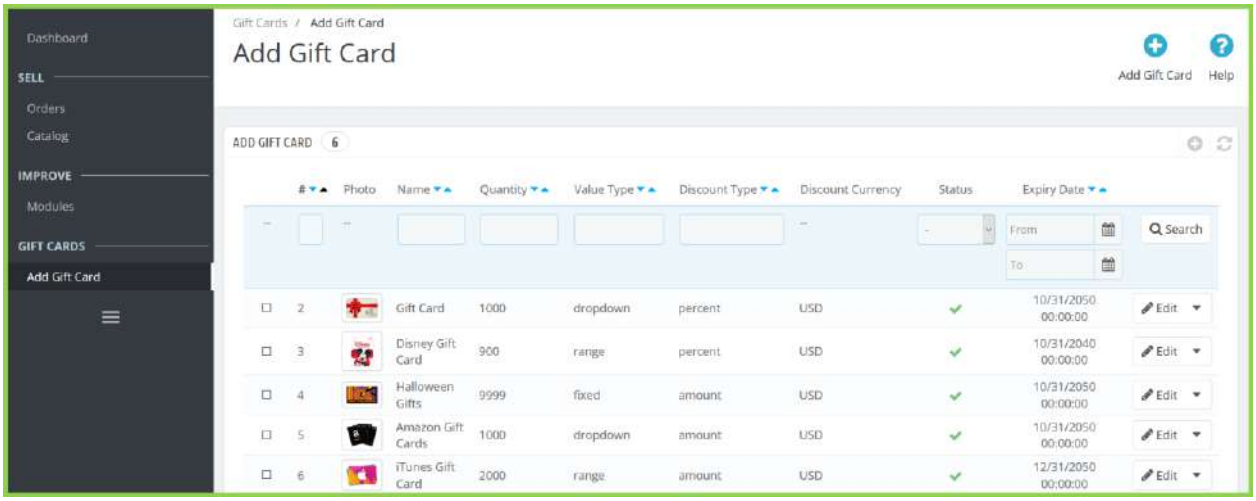
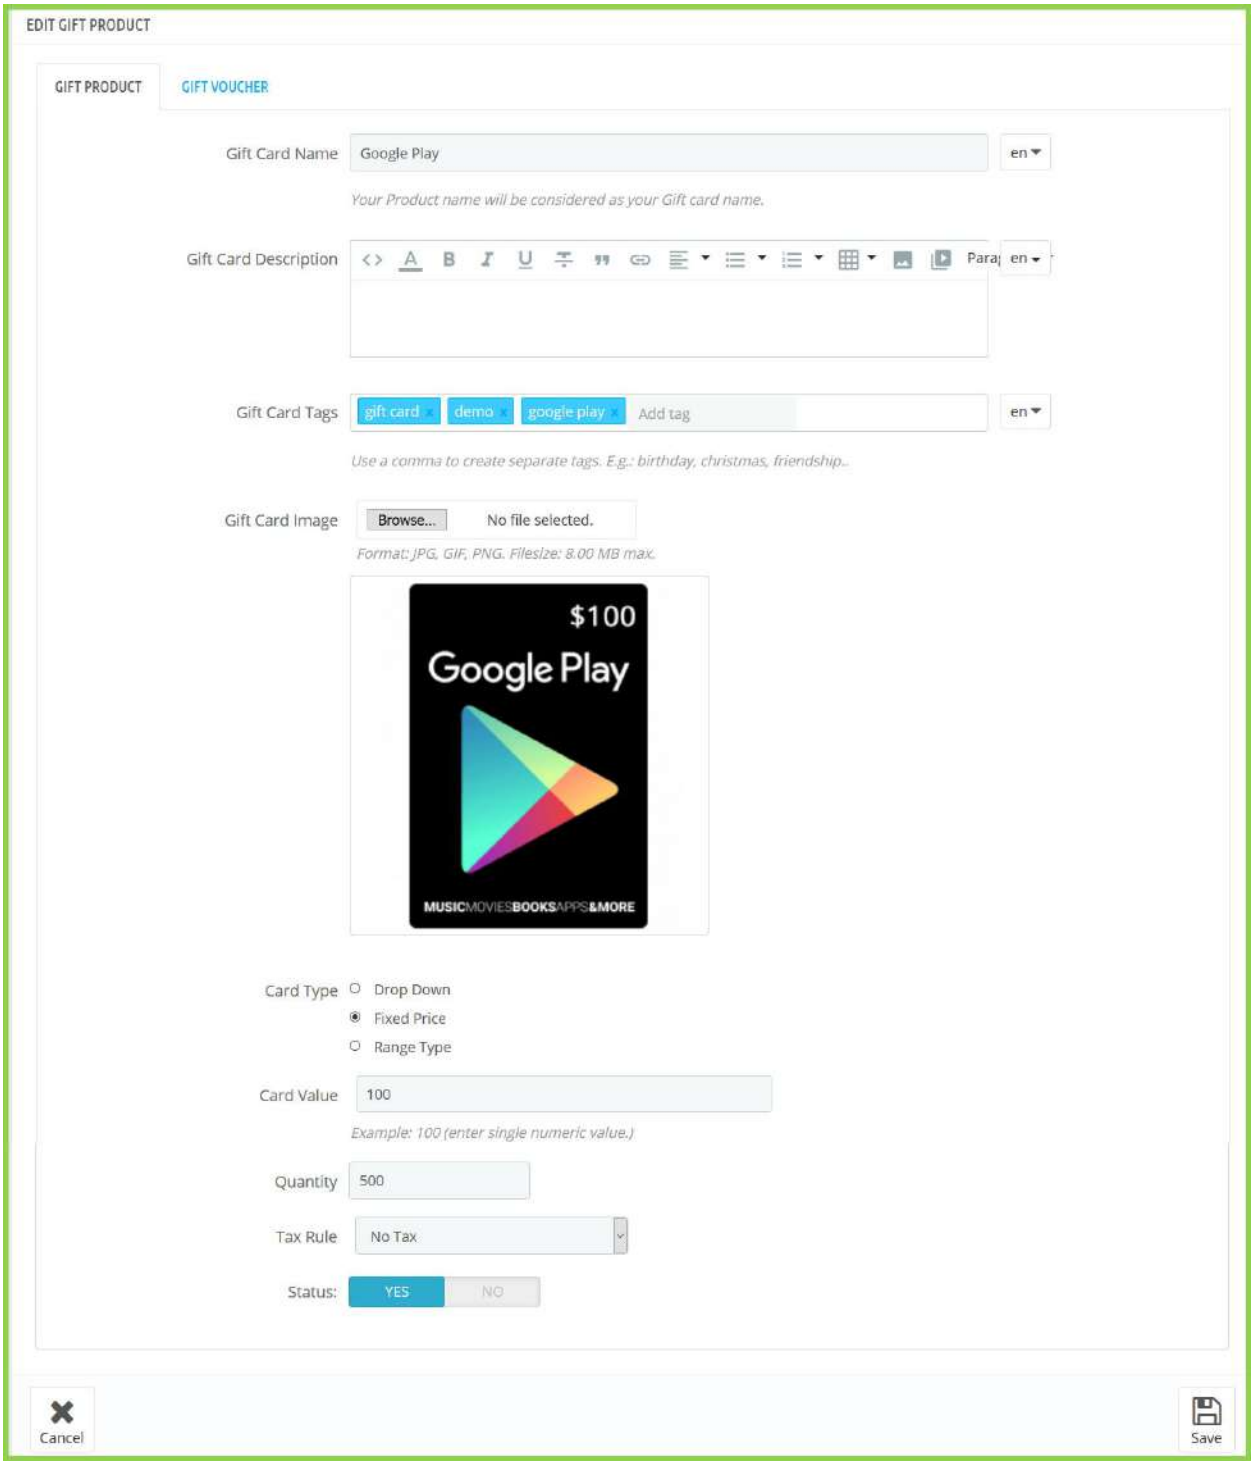
HOW TO ADD GIFT CARDS TO YOUR STORE

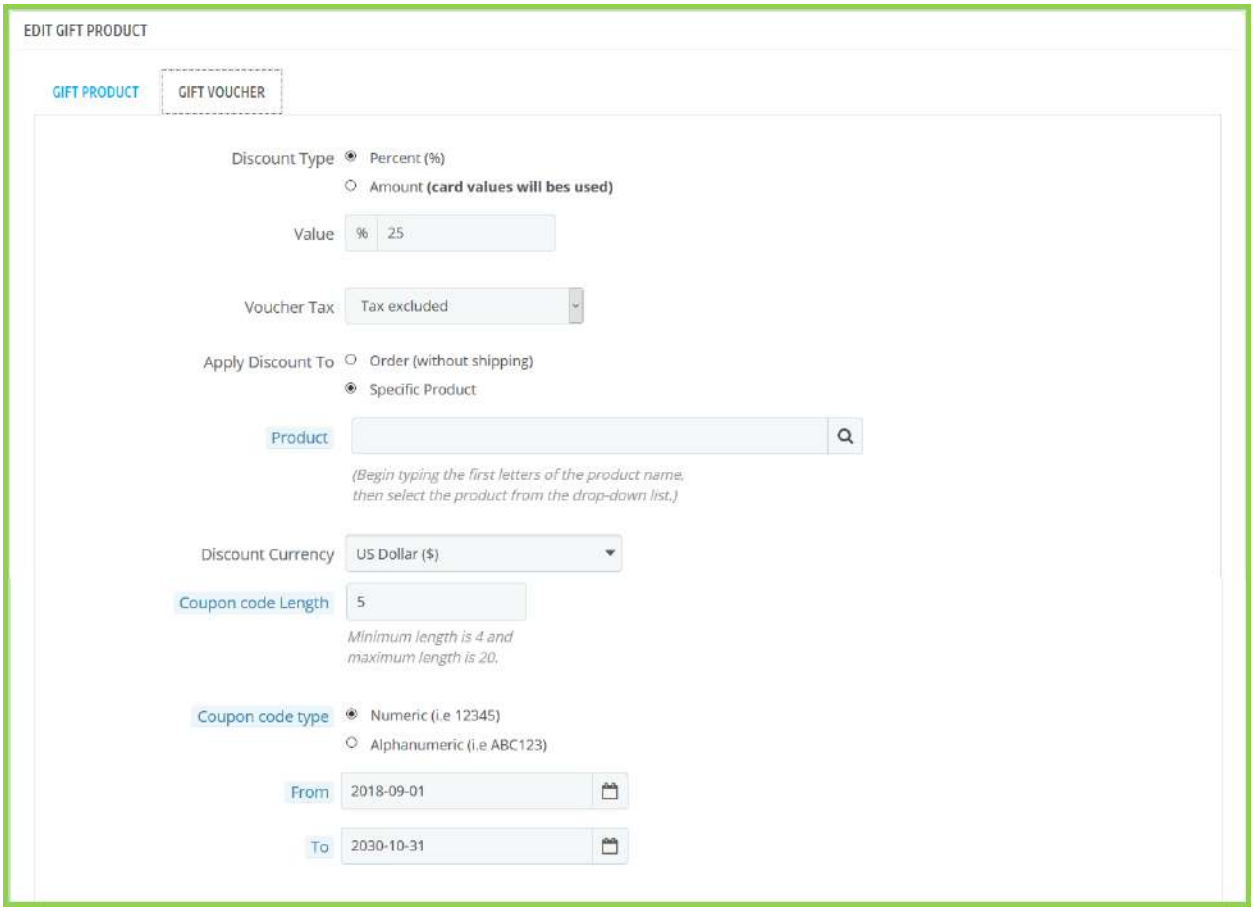
At the back office, go to Add Gift Card. Here you will find list of all the gift cards on your store. Click on Add Gift Card to continue.



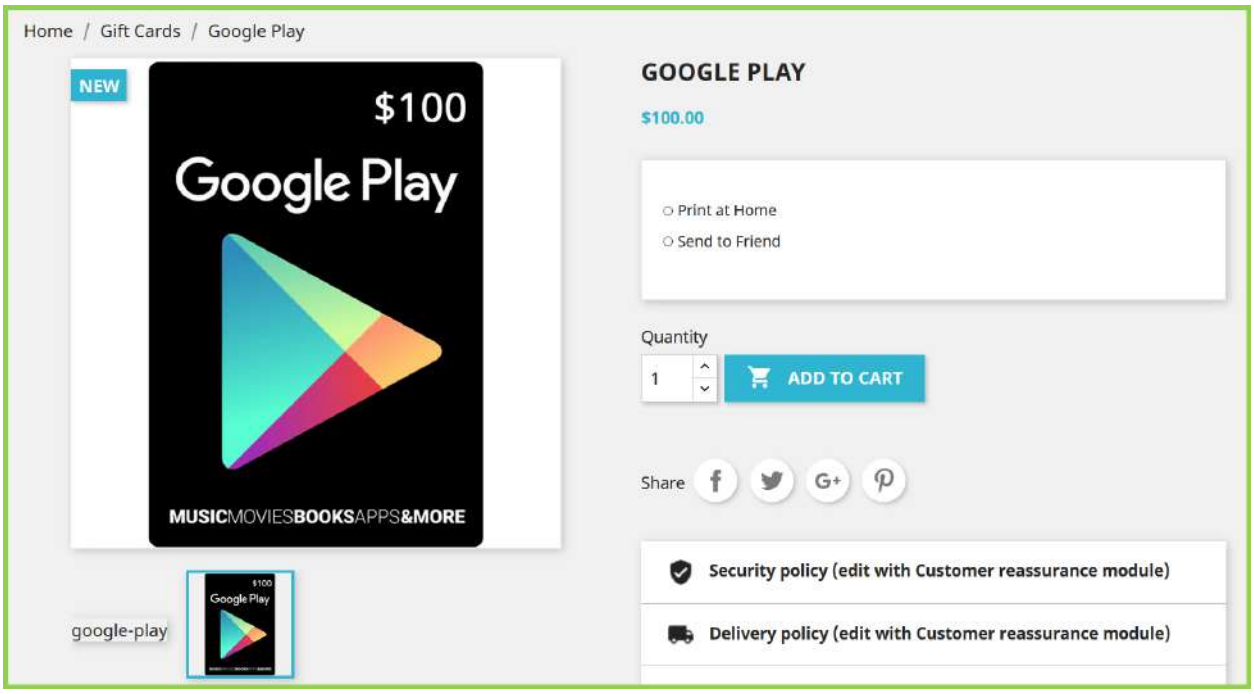
Fill your Gift Product information here. For the purpose of this guide we have added the following.



Now you have to provide gift voucher information on the Gift Voucher tab. For the purpose of the demo we have added the following.



Now at the front office your Gift Card will appear as the following. You can always go back and edit this information.



DISCLAIMER

It is highly recommended to backup your server files and database before installing this module.

No responsibility will be taken for any adverse effects occurring during installation.

It is recommended you install on a test server initially to carry out your own testing.

SUPPORT

If you need more information or have any questions or problems, please refer to our support helpdesk:

You can log a ticket and a support technician can assist you further.

CUSTOMIZATION

If you have requirements that are not covered by our module and you need to have our module customized, feel free to contact us through support helpdesk.
